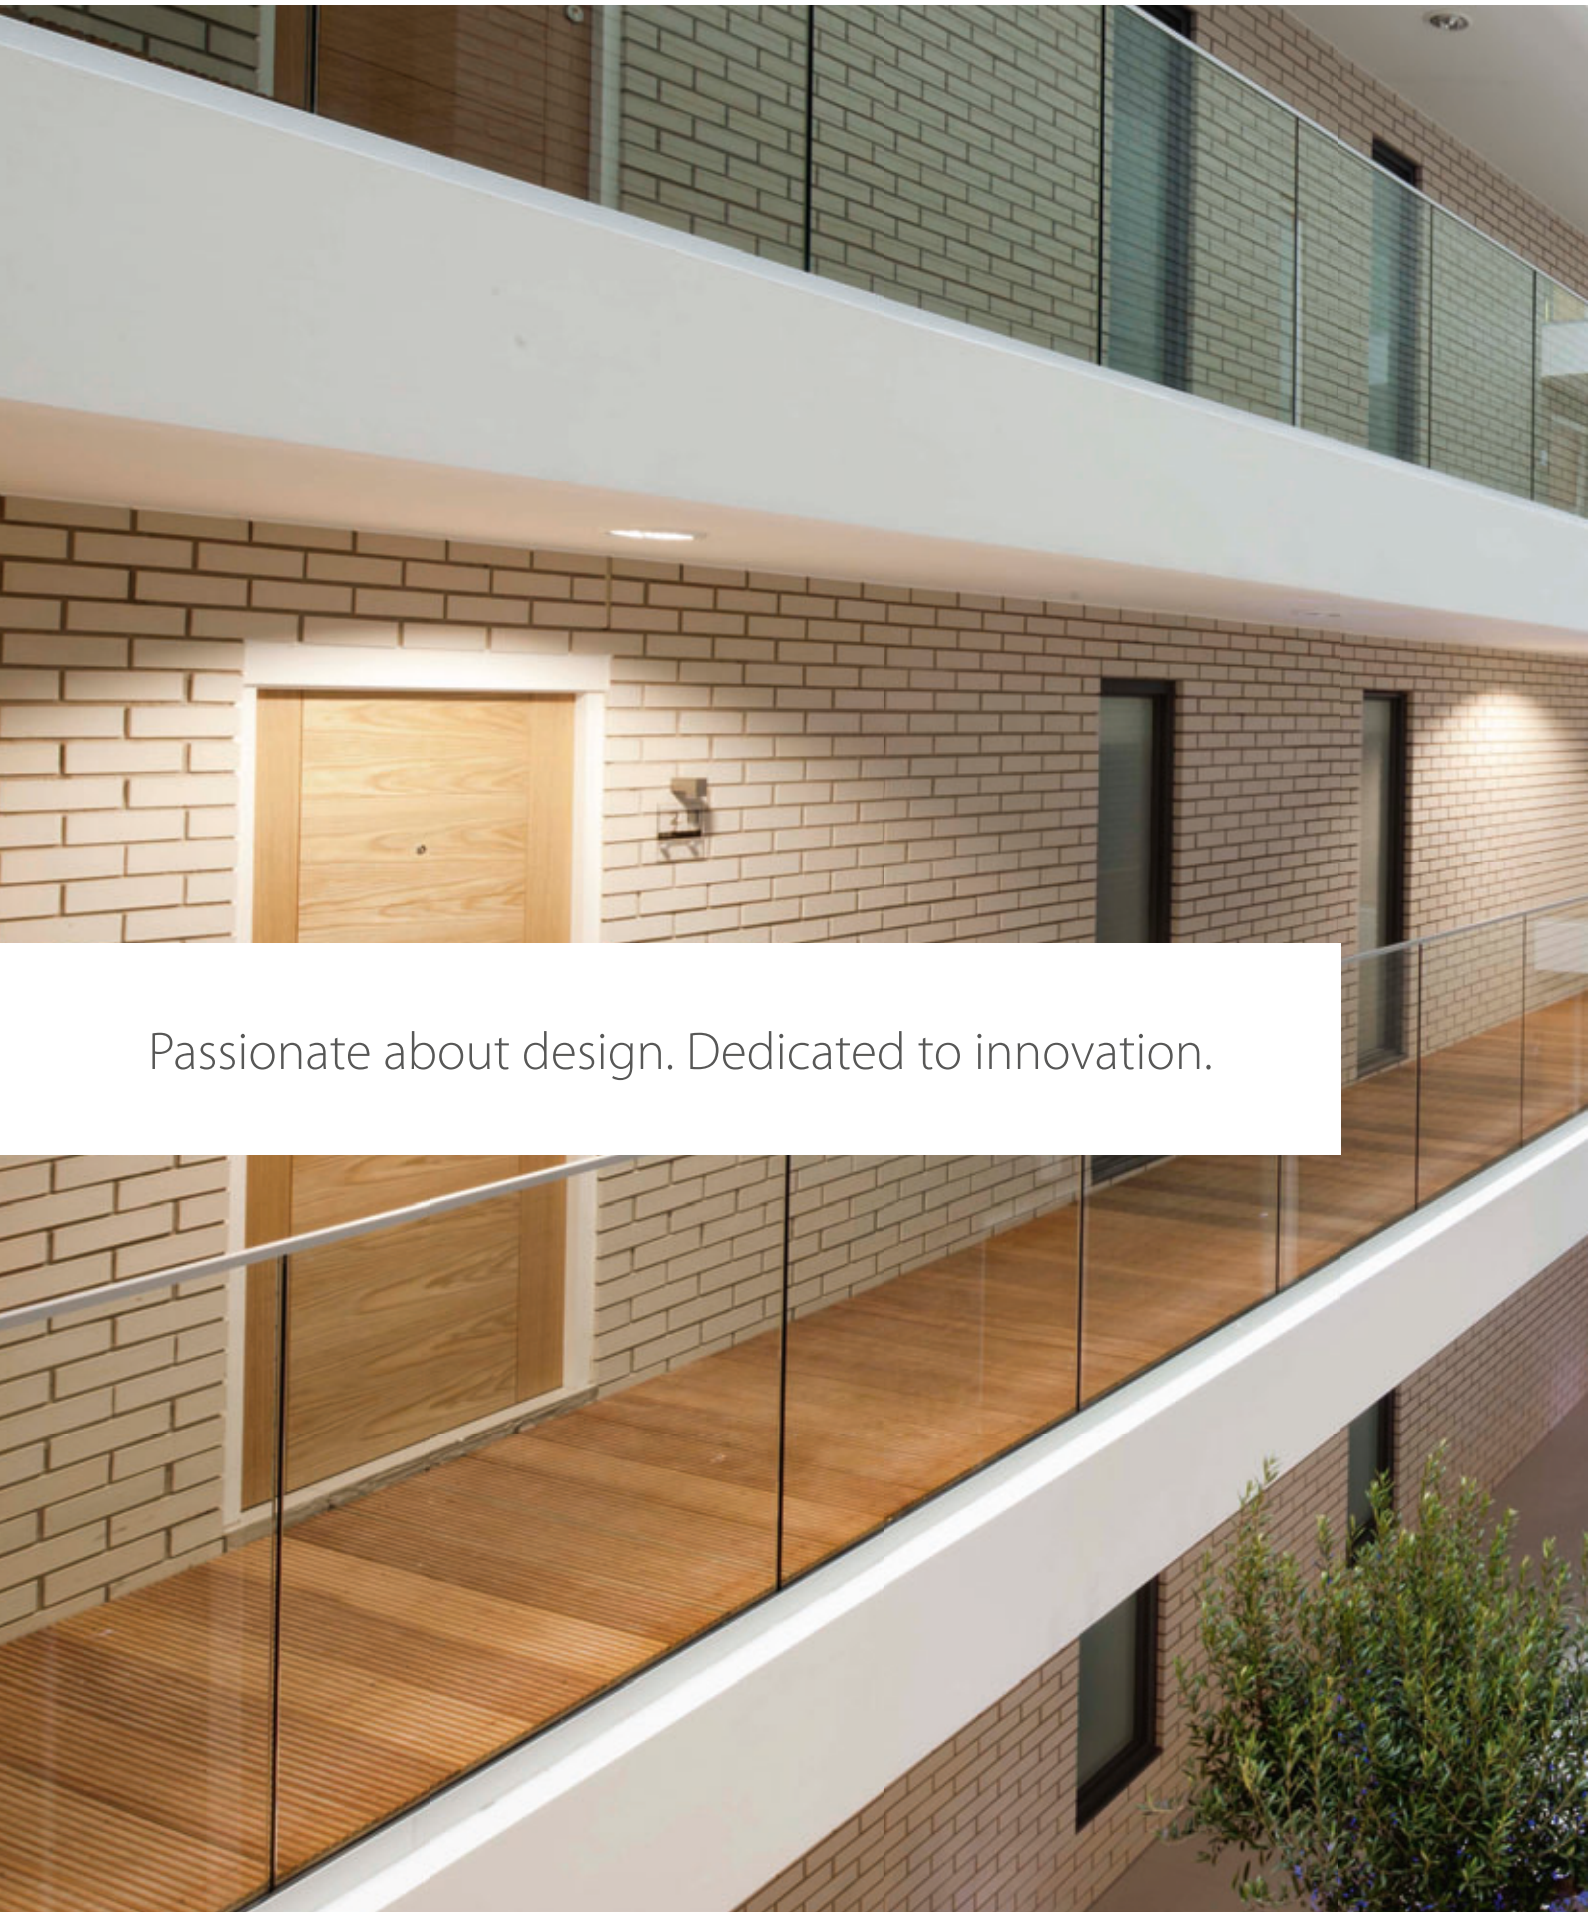
Your choice in railing systems

Easy Glass® System

Where transparency meets design and safety

Q-railing



Passionate about design. Dedicated to innovation.

Design. At Q-railing, it is our middle name, innovation our second nature. And we guarantee that in our products, they both go hand in hand with utmost functionality and safety. The Easy Glass® System is the perfect example of this.

Go. See for yourself. This is the system that brings you ideal transparency for every possible interior and exterior. And this is the system that will surprise you with its astonishingly easy installation methods. Life has just become that much easier!

Easy Glass®

CAP RAILS

For a change, let us start with the finishing touch of a design railing system: the cap rail. Q-railing offers you cap rails with 2D and 3D bending and in a wide range of shapes and materials.
Choose round, square or oval, stainless steel, beech or oak.

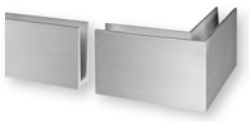
- No welding required
- Available accessories include connectors and end fittings
- Easy to install on glass

Q-GLASS

Ever hear of the term 'one-stop shop'? This is the option we offer you at Q-railing. Order everything you need to install the perfect glass railing system, including the glass. Available in over 30 standard sizes, our Q-glass comes polished all around with radius corners.

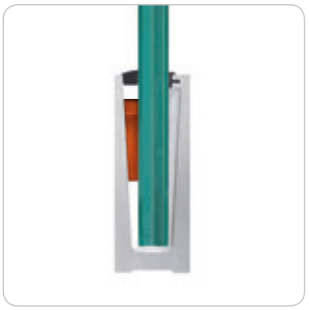
- Laminated safety glass, 16,76 mm
- With 2 protective layers
- Available from stock

Easy Glass®
SLIM



This is the economical solution in our range of minimalist glass railing systems - just what you need for your light commercial or residential builds. Thanks to its light weight, Easy Glass® Slim is easy to manoeuvre on site. And the Safety Wedge System gets installation done in no time!

- For fascia and top mounting
- With integrated water drainage
- With stainless steel finish or metal cladding



Outdoor use	Yes
Indoor use	Yes
Suitable for	Stairs, balustrades

Easy Glass®
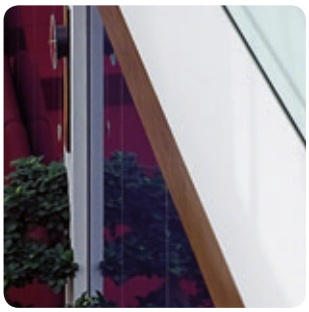
3kN

If your build calls for a glass railing system that can cope with a heavy load, Easy Glass® 3kN is the answer. Suitable for 19 - 31,52 mm glass and able to absorb linear side forces up to 3 kN, this system ensures both high design and optimum safety.

- For fascia and top mounting
- With integrated water drainage
- With stainless steel finish or metal cladding

Outdoor use	Yes
Indoor use	Yes
Suitable for	Stairs, balustrades
Material	Aluminium

DESIGNED FOR COMMERCIAL AND CROWDED PUBLIC USE



Easy Glass®

MOD 61 - MOD 62

Do you always want a horizontal profile going along the base of your railing? Probably not. There are times when you want something different – like the MOD 61 or MOD 62. Go for the sleek round version or the edgy square one.

- For in floor and top mounting
- Base cover available
- Easy mounting thanks to oblong holes

Outdoor use	Yes
Indoor use	Yes
Suitable for	Balustrades
Material	Stainless steel 316

DESIGNED FOR RESIDENTIAL USE

Easy Glass®

MOD 6000

With no visible screws and a beautiful, seamless design, the MOD 6000 shows how once again, Q-railing sets the standard for the ultimate designs in glass railing systems. A glass clamp that looks like a seashell, an effortless way to stand out!

- Single anchor mounting system
- Built-in spirit level
- No visible screws

Outdoor use	Yes
Indoor use	Yes
Suitable for	Stairs, balustrades
Material	Stainless steel 316

DESIGNED FOR RESIDENTIAL USE

Easy Glass®

MOD 0749

Walls and other surfaces are rarely perfectly straight. But with the MOD 0749 that is no longer an issue. This adjustable system offers you the ability to position its glass adapters almost anywhere you want.

- Easily straightens glass panels on site
- With 2-way-fix connection for easy installation
- With transparent rubber inlay

Outdoor use	Yes
Indoor use	Yes
Suitable for	Stairs, balustrades
Material	Stainless steel 304 or 316

DESIGNED FOR COMMERCIAL AND RESIDENTIAL USE

Easy Glass®

MOD 0760

This elegantly shaped glass adapter comes in 3 different sizes, each available with a fixed or adjustable angle.
No matter which one you choose, every adapter lets you create the ideal balance between high design stainless steel and modern transparency.

- Single anchor mounting system
- Built-in spirit level
- Extreme safety

Outdoor use	Yes
Indoor use	Yes
Suitable for	Stairs, balustrades
Material	Stainless steel 304 or 316

DESIGNED FOR COMMERCIAL AND RESIDENTIAL USE
